(c) It is hereby declared to be the policy of the Board of Supervisors to regulate reasonable and orderly public access for patrons wishing to play video game machines, while at the same time protecting the health, safety and welfare of the general

(c) After the Superior Court rendered its decision in said consolidated actions, the San Francisco Controller impounded sufficient funds to pay all such salary increases and interest thereon at the annual rate of seven percent (hereinafter "contingency account"); and,

(d) For reasons not clearly foreseeable in May of 1979, the City has been able to reduce municipal services without substantial disruption or massive layoffs, notwithstanding the adoption of Article XIIIA of the California Constitution on June 6, 1978; and

(e) The City anticipates sufficient revenue during fiscal year 1982-83 to provide an adequate level of municipal services without a need to resort to the contingency account; and,

(f) San Francisco Fire Fighters Local 798, International Association of Fire Fighters, AFL-CIO (hereinafter "San Francisco Fire Fighters") is presently seeking an injunction in San Francisco Superior Court Action No. 776-088 against San Francisco Fire Chief Andrew C. Casper and the City to restrain and enjoin Fire Chief Casper from exercising his emergency powers to order fire fighters to work overtime when there are insufficient personnel to meet minimum necessary staffing levels; and

(g) San Francisco Fire Fighters and the City have agreed to enter into an agreement in which the San Francisco Fire

Fighters shall dismiss Action No. 776-088 and the City shall dismiss its appeal in consolidated Action Nos. 756-449 and 756-451; and,

(h) The City and the San Francisco Fire Fighters will also agree to the provisions of a Settlement Agreement a copy of which is on file with the Board of Supervisors in File No. 45-82-45; and,

(i) The aforesaid agreement settling Action No. 776-088 would be of substantial benefit to the City and the citizens thereof in that it would ensure that fire protection in the City will be maintained at the level which Chief Casper believes is adequate to protect lives and property; and,

(j) The payment at this time of the salary increases withheld pursuant to the Proclamation of Emergency would also be of substantial benefit to the City in that it would stimulate the City's economy at a time when the recession has had a substantial impact upon local businesses; and,

(k) Further delay in the payment of such salary increases may subject the City to increased liability in that the state legislature has adopted legislation, to be effective on January 1, 1983, which changes the post-judgment legal rate of interest to ten percent and the state legislature is presently considering a constitutional amendment which would impose a substantially higher rate.

Section 2. Pursuant to Charter Section 3.401, the City Attorney is hereby authorized and directed to settle "SAN FRANCISCO FIRE FIGHTERS LOCAL 798, etc. v. FEINSTEIN," San Francisco Superior Court Action No. 756-449, and consolidated action INTERNATIONAL FEDERATION OF PROFESSIONAL AND TECHNICAL ENGINEERS LOCAL 21, etc. v. FEINSTEIN," San Francisco Superior Court Action No. 756-451, which are jointly on appeal in the California Court of Appeal, Division One as Action No. 1 Civil 48240; "SAN FRANCISCO POLICE OFFICERS ASSOCIATION, et al. v. CITY AND COUNTY OF SAN FRANCISCO et al," San Francisco Superior Court Action No. 742-839; and, "SAN FRANCISCO FIRE FIGHTERS LOCAL 798, etc., v. CASPER, et al." San Francisco Superior Court Action No. 776-088, in accordance with the terms and conditions of Settlement Agreement, a copy of which is on file with the Board of Supervisors in File No. 45-82-45, and the execution of which is also hereby authorized.

SECTION III. Operators Under Instruction

All operators who have passed the probationary period shall, when learning different equipment or routes other than those routes on which they have been broken in, be paid at their regular rate while doing so. This also applies to operators who return to work after absence. Operators required to go to the instruction school on their own time shall be paid travel time to and from their division of applicable rate. If an operator switches modes of equipment more than once in a three-year period, on the second or subsequent switches he or she will be permitted three (3) days of training only at his or her regular rate of pay. Training required thereafter shall be on the operator's own time.

SECTION V. Forty-Hour Work Week

1. Split Time

The basic hours of labor shall be eight hours per day. For all hours worked in excess of eight hours, operators shall be paid one and one-half times the straight time rate. If a regular split run is not completed within a range of ten hours, time and one-half will be paid for all time in excess of said ten (10) hours. After two hours of split time, operators shall standby and be present in the report room to accept any assignments within their competence that Muni Management requires. Such assignments will be the customary line of work performed by the operator.

No operator shall work on the extra board, a scheduled run or a combination of these where the time from first starting work to leaving work is greater than twelve (12) hours unless the operator agrees.

2. Work Time

For the purpose of computing straight and overtime pay, work time will include:

A) Time as platform employees, operating a transit vehicle, or collection work.

B) Time on report.

C) Time spent by an operator when requested by a duly authorized railway representative to act as a witness or perform similar duties in the interest of the City.

D) Standby time on split or fill-in (make-up) time.

E) Time spent by a permanent operator in breaking in on unfamiliar equipment.

F) Time spent when an operator is required to travel from a relief point away from the home division to the home division, or the opposite; the running time from the home division to the relief point plus one-half the headway on line(s) traveled to or from the division.

G) Time required of designated union representatives by the division to attend special meetings called by the division superintendent or other railway officials.

H) Time spent in performing other duties at the request of a duly authorized railway representative.

I) Time taken for required Department of Motor Vehicle test(s) during the operator's regular working hours.

J) Three hours for medical examination required for an operator's license if the examination is not taken during the operator's regular work hours.

K) Work time when the operator is required to "report" and "clear" as follows:

1. Ten (10) minutes when an operator reports or starts a run or a collect from a division. Not later than October 1, 1982, General Manager, Public Utilities Commission and a representative of the Union will survey the actual time needed for a reporting allowance at the various divisions. The ten (10) minute time here provided may be increased in a division if the survey shows that additional time is needed.

2. Ten (10) minutes when an operator ends a run or a collect at a division when a turn-in is required except that cable car conductors shall be allowed twenty (20) minutes for cash and receipt turn-in.

L) Lunch period. Operators on a straight run requiring six(6) or more hours of continuous work will receive twenty (20) minutes of straight pay in lieu of a lunch period.

3. Time off between Scheduled Work

No operator will be required or asked to perform without a minimum of eight hours off between the time of completion of the last shift and the commencement of the next shift.

4. Operators Called to Claim Department or Court

All operators called to the Claim Department or Court on the Muni's business shall be paid their regular hourly rate. In all cases where operators are taken from the work to which they have been assigned to go to the Claim Department or Court, they shall not receive less pay within the time of their original assignment or run than they would have received had they not been taken from it. When an operator whose run finishes after 10:00 p.m., is required to report to the Claim Department or Court before noon the following day, the operator shall be relieved from his/her run no later than 10:00 p.m. the night before and shall be paid in full for the run.

5. Accident Reports

Operators required to remain on duty to prepare a necessary accident report shall receive one hour of pay at the straight time rate. Standby time, if any, at the end of the run will be subtracted from the one hour.

6. Hours of Work for Part-Time Operators

Part-time operators shall not be scheduled for more than five (5) hours of work per day.

SECTION VI Night Duty

Night duty is any work performed after 6 p.m. or prior to 6 a.m. Operators shall be paid 6-1/4 percent more than the base hourly rate for work performed during the night duty hours.

SECTION VII Regular Day Off

An operator required to work on his regular days off in any scheduled work week shall be paid time and a half for such work and shall receive not less than eight (8) hours work. The distribution and eligibility for regular day off work shall be subject to rules established by the General Manager of the Railway after consultation with the Union. al 8/9/82

SECTION VIII Assignments

1. Voluntary Assignments

Should management desire to change an operator from a scheduled run to another run for the convenience of management, the Division superintendent and the Union Division Officer or their designees shall jointly approach the operator and ask the operator if he would voluntarily make the change. The operator is free to refuse to make the change subject to Section ~~13.4~~ 14.3 (Memorandum of Understanding). (State Disability Benefits)

AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE BY AMENDING SECTIONS 16.10 AND 16.11 THEREOF REGARDING CALCULATION OF VACATION CREDITS WHEN RECEIVING STATE DISABILITY INSURANCE PAYMENTS.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Administrative Code is hereby amended by amending Section 16.10 thereof, to read as follows:

Sec. 16.10. Definitions.

(a) "Continuous service" for vacation purposes means service pursuant to a regular schedule which is not interrupted by a breach in paid service. The service of employees who are appointed for part-time as needed work and not assigned to a regular schedule shall not constitute "continuous service" for vacation purposes. Any dispute over whether an employee is assigned to a regular or an irregular schedule shall be finally decided by the Civil Service Commission.

(b) "Employee" means "Every person employed in the city and county service" which, as used in Charter Sec. 8.440 includes the classified employees of the City and County of San Francisco as provided in Sec. 3.661 of the Charter and classified personnel of the San Francisco Unified School District and Community College District, and officers, other than elected officers.

(c) "Paid service" means service in paid status with the city and county of San Francisco or the San Francisco Unified School District or the Community College District, as applicable, and includes hours paid as sick leave, vacation, compensatory time off and overtime for employees who are eligible for overtime pay

under the administrative provisions of the Annual Salary Standardization Ordinance, except that no employee shall be credited with more than 2080 hours of paid service in any calendar year for purposes of computing the vacation allowance.

(d) "Temporary disability" means temporary disability pursuant to the Worker's Compensation or State Disability Insurance laws of the State of California or the industrial disability provisions of Charter Sections 8.515 or 8.516.

(e) "Vacation with pay" means the compensation the employee would earn during the vacation period if the employee had worked during that same period, without the inclusion of overtime earnings.

(f) "Annual entitlement" means the maximum vacation allowance an employee may accrue pursuant to Charter Sec. 8.400, as follows:

(1) 10 working days per year for each year of continuous service after the first year of continuous service;

(2) 15 working days per year for each year of continuous service after 5 years of continuous service;

(3) 20 working days per year for each year of continuous service after 15 years of continuous service.

Section 2. The San Francisco Administrative Code is hereby amended by amending Section 16.11 thereof, to read as follows:

Sec. 16.11. Calculation of Vacations.

(a) Continuous service shall not be deemed to have been breached:

(1) by an employee because of absence from service due (a) to duly authorized leave, or (b) to layoff due to lack of work or funds unless the employee is holding a temporary or limited tenure appointment

and is not reappointed to the service within six months of being laid off; or

(2) by a permanent school term employee because of a period when schools are not normally in session; or

(3) by a permanent employee who resigns in good standing and is reappointed to a position in the service within six months from the effective date of resignation; or

(4) by a temporary employee who has completed one year of continuous service who resigns in good standing and is reappointed to a position within six months;

(5) by an employee who has resigned from a position with services certified as other than satisfactory by the appointing officer if the employee is granted reappointment rights by the Civil Service Commission and is reappointed to a position in the service within six months from the effective date of resignation.

(b) For purposes of determining the vacation allowance the anniversary date for an employee shall be the first date of employment in the current period of continuous service.

(c) No employee is entitled to a vacation allowance until the employee has completed one year of continuous service. At the end of one year of continuous service, the employee shall be awarded a vacation allowance computed at the rate of .0385 of an hour for each hour of paid service in the preceding year.

(d) An employee who has completed one year of continuous service shall accrue a vacation allowance at the rate of .0385 of an hour for each hour of paid service. An employee who has completed five years of continuous service shall accrue a vacation allowance at the rate of .0577 of an hour for each hour of paid

service. An employee who has completed 15 years of continuous service shall accrue a vacation allowance at a rate of .077 of an hour for each hour of paid service.

(e) An employee shall be awarded the employee's vacation allowance on January 1 of the year following the year in which the allowance is accrued. An employee's vacation allowance accrual shall be computed on the basis of a maximum of 2080 work hours per year and is subject to the charter limitations on annual entitlement.

(f) At the end of five years of continuous service, the employee shall receive a one-time vacation allowance award computed at the rate of .0192 of an hour (.0577 minus .0385) for each hour of paid service in the preceding year. At the end of fifteen years of continuous service, the employee shall receive a one-time vacation allowance award computed at the rate of .0193 (.0770 minus .0577) of an hour for each hour of paid service in the preceding year.

(g) The vacation allowance for an employee receiving temporary disability benefits shall be computed on the basis of the number of hours in the employee's regular work schedule effective at the commencement of the disability, provided, however, that an employee not supplementing State Disability Insurance payments with earnings from paid service will not receive a vacation allowance during the period of disability. An employee who has received a permanent disability award and who does not return to employment because of such disability is not entitled to accrue a vacation allowance.

(h) The factor for earning vacation allowance for members of the uniformed force of the fire department shall be administered in a manner consistent with the intent of this ordinance and approved

AMENDING PART II, CHAPTER I OF THE SAN FRANCISCO MUNICIPAL CODE (BUILDING CODE) BY ADDING SECTION 303.C RELATING TO THE REDUCTION OF PLAN CHECK FEES WHERE A QUALIFIED THIRD PARTY IS EMPLOYED TO CHECK PERMIT APPLICATION PLANS SUBMITTED FOR CERTAIN TYPES OF CONSTRUCTION AND ALTERATION.

Section 1. Part II, Chapter I of the San Francisco Municipal Code (Building Code) is hereby amended by adding Section 303.C to read as follows:

Building Code Section 303.C. Reduction of Plan Check Fees for Third Party Checking.

A 20 percent reduction in plan check fees shall be applicable where a qualified third party is employed by the applicant to review and check for compliance with local and state law in those permit applications for new buildings whose estimated value is in excess of $2,000,000 or such figures as may be determined by the Superintendent and published in an Administrative Bulletin, for alteration permit applications for revisions during construction of the new shell building, and for the first tenant improvement in the unimproved space in the construction of a shell building at the option of the applicant, provided that:

a) A qualified third party will check the entire plans for the building, construction or alteration process, including addenda to site permits where applicable, and revisions to plans during construction in accordance with Administrative Bulletin No. B-79, and subsequent revisions thereof, issued by the Superintendent of the Bureau of Building Inspection; and,

b) A signed statement is submitted by the applicant stating that the same third party will be responsible for checking the plans to be submitted throughout the entire plan checking process including the plans for any alteration permit

application described hereinabove. The statement will also provide that the applicant will pay the entire plan checking fee which otherwise would have been required under Section 303.B at the time of the submittal of the application in the event that the original third party does not complete the plan checking for the all plans submitted by the applicant, except tenant work.

The third party plan check may apply to three separate categories: architectural, structural and energy (as defined by Administrative Bulletin No. B-79). In the event that not all three categories are submitted to a third party for plan checking, the reduction of plan check fees shall be as follows: 7 percent for architectural plan checking, 8 percent for structural plan checking, and 5 percent for energy plan checking. These percentages of reduction for each category of plan checking may be modified periodically by the Superintendent of the Bureau of Building Inspection, provided that such modifications be published and set forth in Administrative Bulletin No. B-79 or its revisions, and provided that any modification be reasonably related to a current evaluation of the staffing availability and nature of permit application plan checking within the Bureau of Building Inspection within the previous six month period.

For the purposes of this section, the shell of a building shall be the total building, excluding all tenant improvements.

(Rent Ordinance)

AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE BY AMENDING SECTION 37.9 THEREOF TO PROVIDE INCREASED EVICTION PROTECTION FOR TENANTS.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Administrative Code is hereby amended by amending Section 37.9 to read as follows:

Section 37.9 Evictions. Notwithstanding Section 37.3, this section shall apply as of August 24, 1980, to all landlords and tenants of rental units as defined in Section 37.2(o).

(a) A landlord shall not endeavor to recover possession of a rental unit unless:

(1) The tenant has failed to pay the rent to which the landlord is lawfully entitled under the oral or written agreement between the tenant and landlord or habitually pays the rent late or gives checks which are frequently returned because there are insufficient funds in the checking account; or

(2) The tenant has violated a lawful obligation or covenant of tenancy other than the obligation to surrender possession upon proper notice and failure to cure such violation after having received written notice thereof from the landlord; or

(3) The tenant is committing or permitting to exist a nuisance in, or is causing substantial damage to, the rental unit, or is creating a substantial interference with the comfort, safety or enjoyment of the landlord or other tenants in the building, and the nature of such nuisance,

damage or interference is specifically stated by the landlord in the writing as required by Section 37.9(b); or

(4) The tenant is using or permitting a rental unit to be used for any illegal purpose; or

(5) The tenant, who had an oral or written agreement with the landlord which has terminated, has refused after written request or demand by the landlord to execute a written extension or renewal thereof for a further term of like duration and under such terms which are materially the same as in the previous agreement provided that such terms do not conflict with any of the provisions of this chapter; or

(6) The tenant has, after written notice to cease, refused the landlord access to the rental unit as required by state or local law; or

(7) The tenant holding at the end of the term of the oral or written agreement is a subtenant not approved by the landlord; or

(8) The landlord seeks to recover possession in good faith, without ulterior reasons and with honest intent, for the landlord's use or occupancy as his or her principal residence, or for the use and occupancy as the principal residence of the landlord's children, parents, grandparents, grandchildren, brother or sister, or the landlord's spouse or the spouses of such relations, for a period of at least 12 continuous months. For purposes of this subsection, the term landlord shall be defined as an owner of record of at least a 10% interest in the property. A landlord may not recover possession under this

subsection if a comparable unit in the building is already vacant and available, or if such a unit becomes vacant and available during the period of the notice terminating tenancy. If a comparable unit does become vacant and available during said notice period, the landlord shall rescind the notice to vacate. It shall be rebuttably presumed that the landlord has not acted in good faith if the owner or relative for whom the tenant was evicted does not move into the unit and occupy said unit for a minimum of 12 continuous months; or

(9) The landlord seeks to recover possession in good faith in order to sell the unit in accordance with a condominium conversion approved under the San Francisco subdivision ordinance and does so without ulterior reasons and with honest intent; or

(10) The landlord seeks to recover possession in good faith in order to demolish or to otherwise permanently remove the rental unit from housing use and has obtained all the necessary permits on or before the date upon which notice to vacate is given, and does so without ulterior reasons and with honest intent; or

(11) The landlord seeks in good faith to remove temporarily the unit from housing use in order to be able to carry out capital improvements or rehabilitation work and has obtained all the necessary permits on or before the date upon which notice to vacate is given, and does so without ulterior reasons and with honest intent. Any tenant who vacates the unit under such circumstances shall have the right to reoccupy the unit at the prior rent adjusted in accordance with the provisions of this

chapter. The tenant will vacate the unit only for the minimum time required to do the work. In addition to the above, no landlord shall endeavor to recover possession of any unit subject to a RAP loan as set forth in Section 37.2(j) of this chapter except as provided in Section 32.69 of the San Francisco Administrative Code;

or

(12) The landlord seeks to recover possession in good faith in order to carry out substantial rehabilitation, as defined in Sec. 37.2(p), and has obtained all the necessary permits on or before the date upon which notice to vacate is given, and does so without ulterior reasons and with honest intent. Notwithstanding the above, no landlord shall endeavor to recover possession of any unit subject to a RAP loan as set forth in Section 37.2(j) of this chapter except as provided in Section 32.69 of the San Francisco Administrative Code.

(b) A landlord shall not endeavor to recover possession of a rental unit unless at least one of the grounds enumerated in subsection (a) above is the landlord's dominant motive for recovering possession and unless the landlord informs the tenant in writing on or before the date upon which notice to vacate is given of the grounds under which possession is sought and that advice regarding the notice to vacate is available from the Residential Rent Stabilization and Arbitration Board, before endeavoring to recover possession.

(c) No landlord may cause a tenant to quit involuntarily or threaten to bring any action to recover possession, or decrease any services, or increase the rent, or take any other action where the landlord's dominant motive is retaliation for

the tenant's exercise of any rights under the law. Such retaliation shall be a defense to any action to recover possession. In an action to recover possession of a rental unit, proof of the exercise by the tenant of rights under the law within 6 months prior to the alleged act of retaliation shall create a rebuttable presumption that the landlord's act was retaliatory.

(d) It shall be unlawful for a landlord or any other person who willfully assists the landlord to endeavor to recover possession or to evict a tenant except as provided in Sec. 37.9(a). Any person endeavoring to recover possession of a rental unit from a tenant or evicting a tenant in a manner not provided for in Sec. 37.9(a) or without having a substantial basis in fact for the eviction as provided for in Sec. 37.9(a) shall be guilty of a misdemeanor and shall be subject, upon conviction, to the fines and penalties set forth in Sec. 37.10. Any waiver by a tenant of rights under this chapter shall be void as contrary to public policy.

(e) Whenever a landlord wrongfully endeavors to recover possession or recovers possession of a rental unit in violation of Sections 37.9 and/or 37.10 as enacted herein, the tenant or board may institute a civil proceeding for injunctive relief, money damages of not less than three times actual damages, and whatever other relief the court deems appropriate. The prevailing party shall be entitled to reasonable attorney's fees and costs pursuant to order of the court. The remedy available under this subsection shall be in addition to any other existing remedies which may be available to the tenant or the board.
